

EXPERIMENT 7

LOW-FIDELITY PAPER PROTOTYPES AND DIGITAL WIREFRAMES FOR BANKING APP

NAME: Merlyn Sosa Saju

REGISTER NUMBER: 240701309

AIM:

To develop low-fidelity paper prototypes for a banking application and convert them into digital wireframes.

PROCEDURE:

Creating Banking App Prototypes

Step 1: Create Low-Fidelity Paper Prototypes

1. Identify the main banking app features:
 - Login
 - Account Balance
 - Money Transfer
 - Bill Payments
2. Sketch simple screen layouts on paper.
3. Include basic UI elements like:
 - Buttons
 - Menus
 - Forms
4. Collect feedback and improve the sketches for better usability.

Step 2: Convert to Digital Wireframes

Step 1: Install Pencil Project

1. Download and install Pencil Project.

2. Open the application and create a new document.

Step 2: Create Screens

Add separate pages for:

- Login
- Dashboard
- Transfer
- Bill Payment

Step 3: Add UI Elements

1. Use built-in stencils and shapes.
2. Drag and drop:
 - Buttons
 - Text fields
 - Icons
 - Navigation elements

Step 4: Organize the Layout

1. Arrange elements neatly based on the paper prototype.
2. Ensure the interface is simple and user-friendly.

Step 5: Link Screens

1. Connect screens using connectors.
2. Create navigation flows to simulate user interaction.

Step 6: Add Notes and Export

1. Add annotations explaining each feature.
2. Export the wireframes as:
 - PNG
 - PDF
 - Other formats as needed.

OUTPUT:

The image displays four mobile application wireframes for a banking app, arranged horizontally. Each wireframe is enclosed in a rounded rectangle with a thin border.

- LOGIN:** Features a back arrow at the top left. The title "LOGIN" is centered. Below it is a user icon. Two input fields for "Username" and "Password" are stacked. A dark "LOGIN" button is below the fields. At the bottom, there are links for "Forgot Password?" and "Don't have an account? Sign Up".
- DASHBOARD:** Features a hamburger menu at the top left, the title "DASHBOARD", and a notification bell at the top right. It greets the user with "Hello, John!". A box shows "Account Balance" as "\$5,230.00". Below is a "Quick Actions" section with four icons: "Transfer", "Pay Bills", "Deposit", and "More". A "Recent Transactions" section lists: "Grocery Store -\$45.60", "Electricity Bill -\$120.00", and "Salary +\$2,500.00". A "View All" link is at the bottom.
- TRANSFER:** Features a back arrow at the top left and the title "TRANSFER". It has two dropdown menus for "From" (labeled "Select Account") and "To" (labeled "Enter Account Number"). An "Amount" input field shows "\$ 0.00". A dark "CONTINUE" button is at the bottom.
- PAY BILLS:** Features a back arrow at the top left and the title "PAY BILLS". It has a dropdown menu for "Biller" (labeled "Select Biller"). An "Amount" input field shows "\$ 0.00". A "From" dropdown menu (labeled "Select Account") is below. A dark "PAY NOW" button is at the bottom.

RESULT

The banking app prototype was successfully designed using paper sketches and digital wireframes. The digital version provided better usability and improved screen organization.
